

Swaniti Diversity Philosophy

Swaniti believes that diversity at the workplace creates an environment conducive to engagement, alignment, innovation and high performance. This is achieved by a policy that ensures diversity and non-discrimination across the Firm.

Policy

It is Swaniti's policy:

1. To promote diversity and offer equal opportunity to all employees based on merit and ability;
2. To hire and promote employees on the basis of their qualification, performance and ability;
3. To provide a work environment that is free from any form of discrimination, including but not limited to sexual harassment;
4. To ensure that there is no discrimination amongst its employees in compensation, training and employee benefits, based on caste, religion, age, disability, gender, sexual orientation, race, colour, ancestry, marital status or affiliation with a political, religious or union organisation or majority/minority group.
5. To create transparency in recruitment (selection), promotion, and any internal decision making in an effort to promote diverse and equitable working space.

Implementation

1. This policy is communicated to all employees in an appropriate and meaningful manner when they join the firm (in orientation) and as they continue to be a part of Swaniti. The diversity policy is made readily available online for all employees.
2. Swaniti Initiative has appropriate systems and processes in place to ensure compliance with the Policy and with statutory provisions, including processing of grievances for redressal. Grievance Redressal committee is additionally responsible to ensure and oversee diversity policy implementation.
3. Any practices violating the diversity policy may be reported to Program Leads, CEO and/or the board, depending on the context.
